Amendment To The Claims

Exhibit 1, attached, presents the status of all claims in this application, including newly amended claims.

REMARKS

Entry of the amended claims is respectfully solicited. The claims as amended are likely allowable, and, at a minimum, reduce significantly the issues for consideration under an appeal. The most significant amendments to the claims are the cancelation of Claims 33, 60, and 61, with the limitations of these claims now incorporated into base Claims 32 and 59. Accordingly, the base claims now contain the limitation "stigmastan-3,5,-diene. Other amendments clarify meaning, correct antecedent basis, etc. The claim language is well supported by the specification and by the claims as filed. No new matter is presented.
